Mr. Bill Burrows
709 Division Street
Gloucester City, NJ
08030-2337

Dear Mr. Burrows:

Thank you for your letter and cassette of reception for Radio Station WHLO in Akron, Ohio.

I am sorry that your previous letters did not get forwarded to me.

Please let this letter confirm your reception of WHLO-640 kHz, Akron, Ohio.

WHLO operates with 5000 watts daytime and 500 watts night using a two tower directional antenna system. The studios are located on the southwest side of Akron. The Transmitter is located in Copley, Ohio just about 3 miles south of the studios.

The Transmitter is a solid-state (no tubes) Harris SX-5A and a Delta Electronics C-Quam AM Stereo System is coupled to the transmitter for AM-Stereo. I have included a coverage map of WHLO. WHLO operates 24 hours.

Sincerely,

David S. Johnson
Director of Engineering
Mortenson Broadcasting Co.
